Steps to Make D.T.C. Losses

3017. SHRI B.K. HARIPRASAD: Will the Minister of SURFACE TRANSPORT be pleased to state:

(a) whether in view of the growing losses incurred by the Delhi Transport Corporation, Govt. propose to increase the DTC-fares;

(b) if so, what decision has since been taken in the matter; and

(c) what other steps have been and are being taken to improve its efficiency while reducing losses to make it a viable and dependable service?

THE MINISTER OF STATE OF THE MINISTRY OF SURFACE TRANSPORT (SHRI JAGDISH TYTLER): (a) Yes, Sir.

(b) No final decision has been taken as yet.

(c) Government have been continuously monitoring the performance of DTC with a view to improve its functioning. Increasing the fuel efficiency and tyre life, reduce number of break downs by better maintenance practice and ensure economy in expenditure have been some of the measures regularly being undertaken. Plugging leakage of revenue is another measure which DTC undertakes through effective checking. Speedy disposal of scrap and route rationalisation are other measures being taken to augment the DTC revenues.

Non-refundable loan amounting to Rs. 216.10 crore and interest accrued thereon as on 31-3-92 have since been converted into equity thereby reducing interest burden on DTC.

The Govt. are finalising an inter-connected package for rehabilitation of D.T.C. in order to ensure its long term viability. The main suggestions for consideration include:—

— reduction of surplus man power;
— rationalising the size of DTC to 3500 buses;
— withdrawal from loss making routes;
— capital restructuring of DTC;
— reimbursement by Govt. of the losses on account of concessional passes; and
— revision of the student concessional passes.
